

# **FISCAL NOTE**

## **SB 2814 - HB 2601**

March 25, 2002

**SUMMARY OF BILL:** Specifies limitations on the disclosure of personal information obtained in connection with a handgun carry permit record. Allows for disclosure of such personal information for use by a government agency; for use in civil, criminal, administrative or arbitral proceedings; for use in research activities or in producing statistical reports; for use by licensed private investigative agencies or security services; or for any other use specifically authorized by law that relates to regulation of firearms or public safety. Allows for disclosure of individual records of handgun carry permit holders to any person as long as the Department of Safety has provided the permit holder the opportunity to prohibit such disclosure and the permit holder has not done so.

### **ESTIMATED FISCAL IMPACT:**

#### **Increase State Expenditures - \$10,000 One-Time**

Estimate assumes the state will experience a one-time increase in expenditures for programming costs to capture the prohibition by the permit holder of the disclosure of personal information.

Estimate assumes the handgun carry permit application will have to be revised so applicants can elect to prohibit disclosure of information. According to the Department of Safety, the application revision is already scheduled and this change could be included without further costs.

### **CERTIFICATION:**

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.
